Salman Asaad

Frontend Developer

Experienced frontend developer with a passion for creating visually stunning and user-friendly websites. Proficient in HTML, CSS, and JavaScript, I specialize in crafting responsive and intuitive interfaces. With a keen eye for design and a strong understanding of user experience principles, I strive to deliver seamless and engaging web experiences. Collaborative and detail-oriented, I thrive in fast-paced environments and enjoy turning complex ideas into elegant solutions.

PERSONAL PROJECTS

Portfolio Website (12/2023)
- Designed and built a personal portfolio website to showcase my skills and projects. Utilized modern library like Bootstrap and using html , css and js to create a responsive and visually appealing interface.
- Salman-A-Asaad/salman-a-asaad (github.com)

MT show (10/2023)
- Is an online platform that provides a wide range of movies and TV series. These sites offer a vast library of content, including popular films, classic movies, documentaries, TV shows, and original productions. Users can browse through different genres, search for specific titles, and access a variety of viewing options .I use HTML ,CSS, JS and Bootstrap library for build it.
- Salman-A-Asaad/MTshow (github.com)

Shopping landing page (08/2023)
- Developed a visually appealing and user-friendly shopping landing page using HTML, CSS, and JS. Implemented a clean and intuitive interface that showcases products effectively. Incorporated responsive design principles to ensure seamless browsing across various devices. Integrated features such as product categorization and dynamic filtering options to facilitate easy navigation and product discovery.
- Salman-A-Asaad/Shopping (github.com)

Hospital landing page (07/2023)
- Developed and designed a captivating and user-friendly landing page for a hospital website. Leveraging my expertise in frontend development, I created a visually appealing interface that prioritized ease of navigation and accessibility. HTML and CSS and JS were used in its construction.
- Salman-A-Asaad/Hospital (github.com)

Travel landing page (07/2023)
- Designed and developed a captivating travel landing page that aimed to inspire and engage users. Leveraging my expertise in HTML, CSS, and JavaScript, I created a visually stunning and responsive interface that showcased breathtaking destinations and immersive travel experiences. Implemented intuitive navigation, enticing imagery, and compelling call-to-action buttons to drive user engagement and conversions.
